To: Representative Will Wheeler,

The Town of Mayesville CDC, with a primary focus on job creation, will utilize the funding to promote and market the Bethune Art Gallery & Learning Center and the Mayesville Historic Museum as major tourist attractions featuring the town's rich history along with the life and legacy of Dr. Mary McLeod Bethune, a native of Mayesville SC. We will create partnerships with local businesses, investors, and community organizations to help stimulate economic development in strengthening the community's economic base with a focus on tourism and address broad issues pertaining to the quality of life of our community.
